RE: Billing Reminder for Hospitals Seeking Reimbursement for Carved-Out Behavioral Health Services

NOTE: **Please ensure that the appropriate staff members in your organization are informed of the contents of this transmittal.**

The purpose of this transmittal is to remind hospital providers that in order for hospitals to be reimbursed by the Behavioral Health Administrative Services Organization (BHASO) the primary diagnosis on the claim must be a carved-out behavioral health diagnosis included in COMAR 10.67.08.02. The Maryland Department of Health (MDH) is in the process of amending the regulation to update the list of behavioral health diagnosis codes to reflect the addition of new International Classification of Diseases, 10th Revision (ICD-10) diagnosis codes. The current list of carved-out behavioral health diagnoses is attached to this transmittal for reference.

MDH, through its Dispute Resolution Committee (DRC), has reviewed an increase of cases submitted by hospitals for behavioral health services with somatic diagnoses identified in the primary diagnosis field of the claim. The DRC's scope of authority to make determinations is limited to disputes concerning whether treatment is medical or behavioral health related. Prior to submitting a case to the DRC, hospital providers should review claims denied by the BHASO for an invalid primary diagnosis. If a behavioral health service was rendered on the date of service, hospitals should resubmit the claims with the appropriate behavioral health diagnosis in the primary diagnosis field.

For questions regarding this transmittal, please contact mdh.mabehavioralhealth@maryland.gov.
