Creating a Partnership of Trust and Collaboration: *An Overview of Maryland's new Behavioral Health ASO*

- Date/Time: January 6, 2025, from 2-3 p.m. *This is 1 of 3 sessions.*
- Webinar series: [registration link](#)
- Audience: Maryland behavioral health professionals, healthcare providers, and community agencies.
- Topic: This series will offer presentations highlighting an overview of the ASO and What's New, including a walkthrough of the new Carelon website and an interactive question and answer session. Content of each session will build upon the previous session/s. Though attendance is not required at all three sessions it is strongly recommended.

Transition Key Dates

December 22, 2024

- Begin submitting claims to Carelon

December 29, 2024

- Optum's last check run

January 1, 2025

- ASO officially transitions from Optum to Carelon Behavioral Health of Maryland
- Begin submitting authorization requests to Carelon

January 2, 2025

- The final provider payment from Optum will occur

January 6, 2025

- Carelon's first check run (arrival times by mail may vary)

Provider Relations & Communications Post-Transition

Carelon Maryland Provider Relations

Email: Provider.relations.MD@carelon.com

Phone: 1-800-888-1965

- Effective January 1, 2025, providers should use this email for support.
- The phone number for customer service will not change. Optum Maryland will manage this customer service line through December 31, 2024. Effective January 1, 2025, Carelon will manage this customer service line
- If an issue requires Optum support, Carelon will coordinate with Optum to receive the necessary information.

Carelon Maryland Provider Communications

Website: <https://maryland.carelonbh.com>

Please note: this site is will not be live until January 1, 2025

- Provider communications will be housed in a single location within Carleon Maryland's website, including all provider alerts, MDH transmittals, bulletins, and more.
- Providers currently on the Provider Alerts distribution list will continue to receive alerts post transition and **do not** need to re-register with Carelon.
- If you do not receive Provider Alerts, please sign up for the distribution list via the form on Carleon's website beginning in January.

Carelon's Provider Digital Front Door and Registration

Carelon's Provider Digital Front Door includes two key applications, [Availity Essentials](#) and [ProviderConnect](#).

- To register for the applications within Carelon's Provider Digital Front Door, you will need your Carelon ID number. Your Carelon ID number will be emailed, faxed or mailed to your address of record after registering with ePREP. Reminder: please ensure your contact information is correct and up-to-date in ePREP, this is our source of truth.
- [Availity Essentials](#): Availity Essentials ("Availity") is a secure, one-stop, self-service, multi-payer space and *our preferred choice* for direct data entry claim submissions, checking eligibility and benefits, and more.
- [ProviderConnect](#): ProviderConnect is Carelon's secure, password-protected application where participating providers conduct certain online activities directly with Carelon 24 hours a day, seven days a week (excluding scheduled maintenance and unforeseen systems issues). ProviderConnect allows you to check claims status, check member eligibility, request inpatient and outpatient authorizations and more.
- Once registration in both ProviderConnect and Availity is complete, you will be able to create a single sign on (SSO) within Availity. This will link the two systems, so you can login to Availity directly as your one-stop shop.

Maryland Provider Council Meetings - 2025

In collaboration with Maryland's Department of Health and the Behavioral Health Administration, Carelon will continue to host the monthly Provider Council Meeting on the second Friday of each month at 10 a.m.

This meeting will offer an opportunity for both the departments and Carelon to present updates, as well as receive real-time provider feedback. Providers are encouraged to submit questions in advance of each meeting using the Provider Council Meeting question submission form.

- Maryland Provider Council Meeting [question submission form](#)

Operations Updates – January 1 and onward

Sending Postal Mail to Carelon Maryland

Checks and financial correspondence, including refunds:

Carelon Behavioral Health
ATTN: Finance
5800 Northampton Blvd
Norfolk VA 23502

Claims, grievances, complaints and all other NON-FINANCIAL related correspondence:

Carelon Behavioral Health
ATTN: Reconsideration
P.O. Box 1850
Hicksville, NY 11802

**If your claim was denied for no pre-authorization, please submit supporting documentation, clinical data, etc. via the provider portal*

No correspondence (including claims, grievances and appeals) should be sent to Carelon's Hanover, MD office. Sending correspondence to this address will cause a delay in response.

Provider Support

Contact us

From now through December 31, please continue to email your questions to MDHtransitionsupport@carelon.com.

Beginning January 1, 2025, please email Provider.relations.MD@carelon.com with any questions or concerns.

Resources

Provider Manual: The updated provider manual will be posted to the Carelon website and accessible beginning January 1, 2025.

➔ [Key Transition Dates Fact Sheet](#)

➔ [Provider FAQs](#)

Operations Updates

Operations Updates – Important Transition Dates

Claim Submission

- Starting **December 22, 2024**, providers must submit electronic and paper claims to Carelon for processing, even if services rendered occurred under the Optum contract.
 - Claims received by Optum after December 21 through December 31, 2024, will be denied and need to be resubmitted to Carelon.

Check Write and Provider Payments

- Optum's last check run will be **December 29, 2024**. The final provider payment from Optum will occur on **Thursday, January 2, 2025**.
- Carelon's first check run will be **January 6, 2025**.

Authorization Requests

- Providers should continue to submit authorization requests to Optum through **11:59 p.m., EST, on December 31, 2024**.

Operations Updates – Important Transition Dates

Payspan

- Providers will have access to their Payspan portal to view PRAs and information in perpetuity if they have their log-on credentials. If a provider does not have their Payspan Portal credentials they should call Payspan to regain access.

Customer Service Telephone Number

- The customer service telephone number **1-800-888-1965** will switch over to Carelon automatically at 00:00 (midnight) on January 1, 2025.

Provider Contact Details

- Providers are asked to ensure that their contact information (mailing address, email address, phone number, etc.) is updated/correct in MMIS (via ePREP) for important correspondence regarding the transition.

Operations Updates

1099 Forms

- Provider 1099 tax forms will be mailed out (postmarked) no later than January 31, 2025.
- From January 1, 2025, please call Carelon with questions regarding the 1099 form.

Corrected PT50 E&M Rates on SUD Fee Schedule

- An updated [SUD Fee Schedule](#) (effective July 1, 2024) has been posted to the Optum Maryland website.
- This update corrects rates for PT50 E&M codes for dates of service July 1, 2024 – August 31, 2024.
- Claims that were approved and paid at the incorrect rate will be reprocessed. This reprocessing will result in a retraction of the overpayment or could result in a negative balance to providers if there are insufficient claims to offset the reduction.
- Details can be found in a December 6, 2024, [provider alert](#).

Claim Lifecycle Reports

- The October 2024 Claim Lifecycle Report contained an error in reported October balances. No errors have been found in the claims detail on the report.
 - The balance errors were corrected on the November reports; however, Optum re-ran the November reports because the off-setting notice on tab 2, column H was incorrect.
 - The off-setting corrections do not affect balance information or claims detail.
 - The revised November reports became available early the week of December 2, 2024.
 - Please work with your Reconciliation Manager if you have further questions.

Operations Updates

Sending Postal Mail to Optum Maryland through December 31, 2024

| | |
|--|---|
| <p>Checks and Financial Correspondence:</p> <p>Optum Maryland P.O. Box 30532 Salt Lake City, UT 84130</p> | <p>Claims, Grievances Complaints and all other NON-FINANCIAL related correspondence:</p> <p>Optum Maryland P.O. Box 30531 Salt Lake City, UT 84130</p> |
|--|---|

- **No correspondence** (including claims, grievances, and appeals) should be sent to the Columbia, MD office. Sending correspondence to this address will cause a delay in response.
- ROIs can be faxed to 855-293-5407 (no other correspondence should be faxed to this number)
- All paper claims should be submitted via PO Box 30531 (given above)

Operations Updates - Reminders

Interest Payments for November 2024

- Interest payments now being sent monthly.
- Checks for the period November 1 – November 30, 2024, will be mailed by December 16, 2024.
- Letters and claim details will be delivered to the Incedo Download folder.

Reconciliation Emails

- Please ensure that all reconciliation-related correspondence is routed to Maryland.provpymt@optum.com and copy individual reconciliation manager email addresses.
- Even if you are communicating directly with a reconciliation manager, please copy Maryland.provpymt@optum.com on all emails.

Issue Reporting Process

- The process for reporting issues and concerns is to first contact the Optum Maryland call center to report an issue. A reference number will be given to you specific to the enquiry.
 - If it is necessary to escalate the issue, the reference number provided by the call center will be required.

Introduction

The purpose of this newsletter is to provide you with valuable information and resources from the Behavioral Health Administration (BHA) about the Maryland State Opioid Response Grant (SOR) projects and updates about our accomplishments. SOR projects play a critical role in combating the overdose crisis that is impacting the lives of many Marylanders. Read up on the latest developments, current events, webinars, trainings, and success stories associated with SOR. This grant is funded by Substance Abuse and Mental Health Services Administration (SAMHSA) and provides support for Prevention, Treatment, and Recovery services in Maryland with the goal of decreasing overdose from opioids and stimulants through initiatives that provide needed services to fight the overdose crisis.

Welcome Deputy Secretary Alyssa Lord

Alyssa Lord is the new Deputy Secretary for Behavioral Health at the Maryland Department of Health (MDH). She brings more than 20 years of experience in community and population health. Ms. Lord has focused her efforts on working collaboratively across local, city, state, and federal entities to improve the health outcomes across the lifespan.

Prior to joining MDH, Ms. Lord served in a number of leadership positions that combined direct service, advocacy, policy, and strategy in New York and New Jersey. Most recently she was Vice President, Healthcare Strategy at a large (\$120 million+) housing, healthcare, and workforce development nonprofit where she was responsible for setting the vision for healthcare, behavioral health, and substance use services for homeless and unstably housed New Yorkers. In previous positions she led the implementation of care coordination services for clinically, behaviorally and socially complex Medicaid, dually enrolled, and special needs plans beneficiaries. She was also responsible for establishing a university-community partnership in West Philadelphia that led to the implementation of a school-based health center/federally qualified health center and the development of an innovative health careers curriculum for middle and high school students. Ms. Lord earned Master's degrees from New York University and the London School of Economics.

SOR Briefing for Secretary of Health

On May 1, 2023, under the direction of the BHA executive leadership, the SOR team had the privilege of briefing the new Maryland Department of Health Secretary Laura Herrera Scott, on the history, goals, current initiatives and outcomes of the State Opioid Response Grant in Maryland.

SOR III, Year One Stats

Here are some results of **Maryland's impact on reducing opioid overdoses** through August 31:

 **54,904**

Number of individuals served

 **1,172**

Number of youth served

 **1,908**

Number of individuals who started medication for opioid use disorder

 **78,070**

Number of peer encounters

 **19,073**

Number of individuals receiving care coordination

 **56,967 DOSES**

Number naloxone doses distributed

 **20,054**

Number of individuals trained in naloxone administration

Food Crisis (Averted)

As you may be aware, SAMHSA previously allowed up to \$3/day per participant for the purchase of snacks for individuals participating in SOR funded activities; however, in the SOR III Notice of Funding Opportunity (NOFO), SAMHSA disallowed SOR funds for this purpose. BHA informed its partner organizations of this change and were asked to reallocate the unexpended funds for food to other line items within their budgets.

BHA recognizes that for certain SOR-funded initiatives, food is an essential component of treatment. BHA worked with entities to identify alternative funding sources to fully cover the cost of food that was allocated within their original budget submissions for SOR III.

Government Performance and Results Act

The BHA Applied Research and Evaluation Team will be collecting SOR II No Cost Extension and SOR III Government Performance and Results Act (GPRA) interview submissions until the new vendor is onboarded for SOR III. We have created a [GPRA resource webpage](#) that will serve as a hub for the GPRA data collection and submission process.

GPRA Eligible Programs:

The following SOR-funded programs are required to offer clients participation in the GPRA evaluation:

- Adult Recovery Houses
- Contingency Management
- Crisis Beds (for stays 48 hours or longer)
- Intensive Care Coordination
- Medication Adherence Technology - EMOCHA
- Medication Adherence Technology - Pill Dispensers in OTPs
- Medication Assisted Treatment in Detention Centers
- Young Adult Recovery Housing

Updated GPRA Interview Tool

SAMHSA released an updated GPRA interview tool that must be used for all interviews beginning January 21, 2023. This updated tool has removed questions that were deemed unnecessary and streamlined sections of the data collection process to make it easier for both the interviewer and the client. Please visit the MD GPRA page to access the reporting tool: [GPRA Reporting Webpage](#).

GPRA Interview Submission:

You will now submit all GPRA interviews using Qualtrics instead of RedCAP. The survey site looks different from RedCAP, but functions in much of the same way. In Qualtrics you can:

1. Upload a scanned copy of the GPRA Interview Tool
2. Enter the data manually, or
3. Both upload a scanned copy and enter the data manually.

Any of these options are sufficient for submitting completed interviews.

Budget Revisions

This year, we were required to add more detail than ever to our SOR III budget justifications for each initiative that is funded through this grant. Moving forward, budget line items — such as purchase of care, travel, advertising, other supplies and human services contracts — will need to be accompanied by a justification and unit cost breakdown.

SAMHSA site Visit 2023

Day 1 **Presentation to SAMHSA**

Day 2 **Visit to Gaudenzia
Visit to Baltimore Harm
Reduction Coalition**

The SAMHSA site visit conducted July 20-21, 2023 for the Maryland State Opioid Response (SOR) 2020 No Cost Extension (NCE) and SOR 2022 was a success! The SOR team and other BHA program staff presented an overview of the Maryland opioid crisis and challenges, along with a summary of all the SOR program initiatives. The SAMHSA Grants Projects Officers led a question and answers session with the BHA SOR program leads, visited Gaudenzia's crisis beds and the Baltimore Harm Reduction Coalition where they were able to see first hand the wonderful work our providers are doing for the community. We are grateful for the BHA program leads, our providers, and the Opioid Operational Command Center for making this possible.

In the Spotlight

Electronic Mobile Comprehensive Health Application

Electronic Mobile Comprehensive Health Application (EMOCHA) is a medication adherence application that delivers a digital form of Directly Observed Therapy, a practice used by public health departments across the country for over 40 years. In this model, a healthcare worker virtually observes a patient taking every dose of their medication through the application on a phone or laptop and supports the patient in addressing social and behavioral adherence barriers. Behavioral Health System Baltimore successfully implemented the EMOCHA project at the University of Maryland School of Medicine through their outpatient treatment services for opioid use disorder.

Maryland Primary Care Program/Medication for Opioid Use Disorder

The Maryland Department of Health/Program Management Office (MDH/PMO) is seeking to provide participating Maryland Primary Care Program (MDPCP) practices with the resources necessary to implement Medication for Opioid Use Disorder (MOUD) services. MDPCP currently has over **530 practices across the state**, including **12 Federally Qualified Healthcare Centers (FHQCs)**. The MDPCP/MOUD program addresses a critical component of Maryland's State Opioid Response Plan to expand access to life-saving medications for treating opioid use disorder, using the Food and Drug Administration-approved drugs that can be prescribed in office-based settings. The MDPCP/MOUD initiative is set to begin implementation in SOR III Year 2 starting September 30, 2023 through September 29, 2024.

SOR Success Story

Ms. KN came to Gaudenzia as a referral from the WARMS center. Ms. KN is a 67-year-old African American woman who is non-ambulatory and has dementia. When Ms. KN came to us she did not have any support from family, friends, or outside agencies (that she could recall). Ms. KN did not have health insurance, identification documents, or funding. Ms. KN came to us initially for substance abuse yet her need for individualized care and assisted living became a priority. Ms. KN now has both Medicare and Medicaid and she is now able to be assessed properly for mental and physical health needs. Ms. KN now has access to the family including her sister and aunts as additional support. Ms. KN was transferred to an assisted living facility and attends meetings daily. Ms. KN was able to regain access to her bank account, bank card, retirement, and SNAP benefits. She is waiting to hear back from SSI regarding disability funding. Ms. KN is well on her way to healthy supportive living with the efforts of Gaudenzia.

Mark Your Calendar

End of Year Progress Report - Due by December 29, 2023!

You can begin to prepare your reports now based on the following:

- Major accomplishments for each of your approved activities (i.e., treatment, recovery support and prevention). Include outcomes data for each activity; and
- Barriers and how you have addressed them. Include any barriers still left to address.

Carryover Funding

SOR III Year One will be due by the end of December 2023
Those funds are not approved until the following year and dispersed in March 2024.

- Known Incedo system issues will first be reported on the Incedo dashboard.
- Issues that extend beyond one business day will be posted on the [Optum Maryland website](#).
- Issues affecting log-in to the Incedo portal will be posted on the [Optum Maryland website](#) as soon as they are discovered.

MDH Updates

Audit of Denied Claims

- In a provider alert dated July 17, 2023, the Maryland Department of Health (MDH) announced that a project to audit denials for claims originally received by Optum in CY2020 and CY2021 began on July 1, 2023.
- As a result of this audit, Maryland service providers who billed the Public Behavioral Health System (excluding laboratories and acute care general hospitals) may benefit from this audit of denials.
- Detailed reports will be made available to providers, accompanied by a summary showing the total billed dollars of the denied claims. This information will be delivered to the Incedo Download folder.
- In the next quarter (July-September 2023), providers will need to ensure they have an Incedo “Download” folder to facilitate delivery of this information through the Optum portal.
- If providers have a balance due for estimated payment or other reprocessing projects, including negative balance, those balances will be satisfied first. Any reprocessed claims will yield PRAs so providers will be aware of any benefit from this project.
- Providers who are concerned about 2019 claims that were submitted to the previous Administrative Services Organization (Beacon Health Options), not to Optum, will be informed of a process to dispute these denials in a future provider alert.
- Please see the [July 17](#) provider alert for full details.
- Please send questions to marylandproviderrelations@optum.com

TPL/COB Processing and Reprocessing

TPL/COB Processing and Reprocessing

- **2020/2021 TPL Claims Paid as Primary then down adjusted**

- Claims were paid as primary, then retracted based on updated TPL files from MDH loaded to Incedo
- **DOS through 12/2022 are complete**
 - **2022 Claims**
 - Processed 347 claims with \$65k
 - Paid on checkwrite 12/1/2022
- **Optum continues to align with MDH and implement processing requirements for the post public health emergency processing of COB claims (See 8/2/2022 provider alert for details).**
 - This will include an update to the COB portion of the handbook and other provider notifications.

- **Important information**

- **See Provider Alert: 9-22-22: New: Process for Electronically Submitting COB Claims with an EOB**
 - Now able to submit EOBs for \$0 pay from another payor through the Portal:
 - When other carrier paid, complete boxes 11d, 9 a and d, and box 29
 - Submit the claim electronically through the portal or 837 process
 - See the provider alert for specific/detailed instructions
- **See Provider Alert: 8-5-22: Issues Impacting Participant Eligibility**
- **Medicare Advantage Plans:**
 - Update guidance will result in the following:
 - Claims submitted to OPTUM will deny for Service Payable by Other Primary Carrier
 - Providers must submit to Medicaid via paper or portal submission
 - Instructions can be found: <https://health.maryland.gov/mmcp/pages/provider-information.aspx>
 - E Medicaid Portal and Instructions: <https://encrypt.emdhealthchoice.org/emedicaid/>
- **MDCR Crossover Claims:**
 - Do not send to Optum
 - These will result in denial of Service Payable by other Primary Carrier
 - Will automatically cross from Optum to MDH for processing
- **Participant disagrees with TPL Record:**
 - Process outline in previous meeting notes
